Blattner discussed SDG&E's Critical Peak Pricing (CPP) settlement. Blattner urged support for Cmmr. Bohn's alternate decision. Blattner stated that as a result of direction in the proposed decision (PD) that would move CPP into various rate design proceedings if parties object to the PD's 'preferred approach' – which they have – the PD would result in significant delays and repeated relitigation of issues that have been litigated several times. Blattner explained that the CPP settlements are in the public interest and should be approved.

Summary: On May 2, 2006, Lee Schavrien, Vice President of Regulatory Affairs, San Diego Gas & Electric Company (SDG&E), met with Steven St. Marie, advisor to Cmmr. Bohn, in San Francisco. Also present was Lad Lorenz, Vice President of Regulatory Affairs, SDG&E. Written materials (attached to the notice) were used. Schavrien stated that the proposed decision erred in a number of ways, including failing to escalate dollars, as well as disregarding other accounts included by Southern California Edison Company (SCE) as overheads billed to SDG&E as SONGS costs. Lorenz stated that the current 2006 SCE general rate case treats SDG&E identical to the method advocated by SDG&E in this proceeding, and that the 2004 cost of service decision should be corrected.
